ABOUT HARDSCAPE.com

Hardscape.com is the home of the Best Architectural and Landscaping Natural Stones in the U.S. and the Caribbean.

Stones are what bring your landscaping ideas and visions to life. More importantly, the quality and type of stones you use spell all the difference between a stunning and an uninspiring landscape.

As the leading Natural Stone paving dealer in the U.S. and the Caribbean, we carefully select our stones based on their beauty and durability. Our granite cobblestones, granite pavers, granite mesh pavers, basalt pavers, bluestone, silver grey limestone, porphyry pavers, marble pavers, and porcelain tile pavers will help turn your thoughts into expressions.

Whether you're building a hotel patio, a residential driveway, or a garden walkway, our unique stones make a great impression by adding value and long-lasting beauty.

For many years, Hardscape.com has been the one-stop shop for architects, designers, contractors, homeowners, and distributors for high quality Natural Stones. All of our Natural Stone products are precision engineered to withstand outdoor elements and all the wear and tear everyday use brings.

As an alternative to natural stones, Hardscape.com offers a wide range of anti-slip Porcelain Pavers designed for pool decks, patios and other walking areas. Due to the Porcelain’s versatility, pedestals are widely used for building applications to help with proper drainage as well as great for colder climates.

Available in a number of shapes and sizes, Hardscape.com offers high quality and durable Porcelain Pavers with virtually no maintenance required. Porcelain Pavers can be installed as floating pavers (on sand or gravel) for an aesthetically pleasing look for any project.
